DEATH OF LESLIE PACKER

Leslie Packer, aged twenty and a half years, passed away at noon on Sunday, as a result of an accident which befell him while at work at the Blairmore Iron Works on March 20. Since the time of the accident, Leslie has been lying in a hopeless condition at the local hospital and death was not unexpected.

The sincerest sympathy of the entire community goes out to Mr. and Mrs. Packer in the severe loss they have been called to bear.

Funeral took place yesterday afternoon at the Union Church, where a service was conducted by Rev. W. T. Young. The remains were laid to rest in the Blairmore general Protestant cemetery.

Leslie was born at Southend-on-Sea, England, on November 23rd, 1903, and with his mother and sisters, came to Blairmore from the prairie last fall to join Mr. Packer.

Leslie was a member of the senior Tuxis Group, and members of that group turned out to the funeral service in full force.

The following sent flowers: Father, Mother and Uncle; Uncle Tom, Aunt Lottie and Family; Mr. and Mrs. W. Lord and Family; Mr. and Mrs. B. Scanlon and the Boys; Mr. and Mrs. R. McLachlin and Mrs. J. McKenzie; The Boys of the Blairmore Iron Works; Nurses Kennedy and McLennan; Jack and Fred Link; Mr. and Mrs. F. M. Thompson and Family; Mr. Glyn Thomas; Mr. and Mrs. G. Evans; John Rae; Lou Dunkley; Mr. and Mrs. Evan Morgan.

The Nanton News remarks editorially: "Peter Smith, once treasurer of Ontario, is alright. It is the press that is to blame for all the trouble with the Home Bank."

TOWN TAX RATE WILL LIKELY BE TWENTY MILLS

At the regular meeting of the town council on Monday night, the secretary submitted a provisional table of estimates for the year 1924, which after making provision for the payment of one third the cost of a new municipal building and fire hall would allow of a reduction of two mills on last year's rate, making a total reduction in the mill rate for the municipality in three years of six mills. Provision also be made for further improvements in the water and electric light services, sidewalk extensions and street grading.

One of the most important matters discussed at the meeting was that of erasing the banks of Lyon Creek along Ninth Avenue, between Victoria and State Street bridges, and for this work a tender was submitted by Mr. E. J. Pozzi and accepted by the council, the work to be proceeded with at once. The contract calls for a reinforced concrete wall, six feet high, (two feet below and four feet above the river bed). A considerable portion of Ninth Avenue was swept away by the flood of last year and unless immediate attention were given, considerable property in the neighborhood would be endangered by this spring's high water.

In response to the request of Councilor Eerguson, Mayor McLeod secured from the deputy-minister of municipalities, Mr. Lamb, information on the question of the legality of the council voting themselves free light and water. Mr. Lamb was of opinion that the council did wrong in voting themselves such services, referring them to the oath of office, taken by a councillor as described in Section 55 of the Town's Act, which reads as follows:

I, do solemnly promise and declare that I will truly, faithfully and impartially, to the best of my knowledge and ability, execute the office of Councilor, to which I have been elected in this town, and that I will not receive any payment or reward or promise thereof for the exercise of any partiality or abuse or undue execution of said office, and that I have not, by myself or partner, either directly or indirectly, any interest in any contract with or on behalf of the said town, save and except that arising out of my office as councillor. So help me God.

Mr. Lamb was of the opinion that the mere motion to award themselves free light and water constituted a contract within the meaning of the Act.

No further action in the matter was taken by the council, some of whom claimed that this was "simply the opinion of the deputy-minister."

The council were strongly in favor of meeting the West Canadian Collieries half way in the matter of sidewalk improvements west of the Alberta hotel and desired to meet Mr. Vissac at the earliest date possible.

A small batch of accounts were passed for payment.

Towards the close of the meeting, the mayor reported the result of his recent mission to Edmonton, whither he had been dispatched to use influence with the provincial government

towards getting financial assistance and co-operation with the federal government in the matter of repairing the damage done in the neighborhood of Blairmore by floods last year. Mr. McLeod informed the council that it was Mr. Ross' intention to visit Blairmore shortly after the parliament session and would then decide as to what action the provincial government would take.

CEREMONIAL POSTPONED
Owing to the strike, the D. O. K. K. ceremonial that had been arranged to take place at the local opera house tomorrow, has been postponed indefinitely.

Made in Blairmore

FREAK SCIENCE

Dr. William Franklyn Kelly, psychologist at Los Angeles, has just finished a spectacular experiment wherein he obtained from sleep for 50 days and nights, to study the workings of the sub-conscious mind.

That was very brave of Dr. Kelly and well worth the newspaper space and publicity he is getting out of it; but it will strike the layman that with so much to be learned about the sub-conscious mind, these extravagant flights into the realm of the sub-conscious are, to say the least, a trifle premature.

The main thing to be found out just now, about the human mind is not so much how it works during the sleeping hours, but how to put it to work usefully during waking hours.

It seems almost the time it depends on freak experiments in solving the world's practical problems, are getting those solutions to the public, it would increase to usefulness several hundred per cent.—Vancouver Sun.

LIQUID SOAP YIELDS A KICK FOR PRISONERS

MARYSVILLE, April 15.—Liquid soap is the latest beverage to come into vogue in Marysville. It has become quite a favorite with prisoners in the Yukon county jail, who very greatly disappointed recently when their supply was suddenly cut down. J. O. Elder, junior, noticed the sudden increase. Inmates are not a rule given to such extreme cleanliness and Elder investigated. He found that some of the prisoners had found in "kick" in the soap and were imbibing it freely, and he substituted the cake variety.

FACTS ABOUT STUDEBAKER

Established 1822.
Has produced more than 750,000 cars.

Is the second strongest financially of the individual motor car manufacturers of the world.

Employs 23,000 people.
Operates factories, devoted exclusively to the manufacture of Studebaker six-cylinder motor cars, in 17 countries—the United States and Canada.

Factories, in cost and size, are the second largest in the world's individual automobile companies.

Factories cover 225 acres and contain 7,500,000 square feet of floor space.

Maintains own private research and experimental laboratories, employing 125 skilled men, who make 500,000 laboratory tests annually.

Every Studebaker car is subjected to 30,000 inspections during manufacture by a corps of 1,200 inspectors. Studebaker standards are rigidly maintained by careful inspection of every part and detail.

1,120 mechanical operations on the three models of Studebaker cars are not allowed to vary more than one thousandth of an inch; 350 operations are held to a tolerance of one-half thousandth of an inch.

The Crows' Nest Pass Motors, Blairmore, are district agents and distributors for the Studebaker and have sold several of them this spring.

INDUSTRIAL PAYROLL

The approximate industrial payroll of the province of Alberta for the year 1923, including the mining industry, was \$62,000,000, according to figures obtainable from the Compensation Board.

PROTECTION FOR COAL

The New Glasgow Free Lumber of recent date remarks: "Canadians are spending nearly \$100,000,000 a year with the United States for coal, while we have coal enough in Canada to supply a hundred million people and more. What is the matter with Canadians? The coal is in Nova Scotia, in Alberta and in British Columbia. Between Alberta and Nova Scotia there is a great country that needs fuel. We are saying that we cannot get either Nova Scotia or Alberta coal into that area, that we must buy from the United States. It will naturally be asked if we are nation builders or only hangers on to the coat tails of our cousins across the border."

CELEBRATE ESTABLISHMENT OF R. N. W. M. P.

One of the most notable celebrations ever held in Western Canada will take place on July 1 and 2 of this year at the town of Macleod in Southern Alberta, when the establishment of the first post of the Royal North West Mounted Police in Western Canada, at old Fort Macleod, will be commemorated. The celebration is being held under the auspices of the mounted police veterans and the town of Macleod.

The establishment of the post took place in October of 1871, fifty years ago, by Col. Macleod, and the first troop of "Mounties," who came west from Toronto via Chicago and North Dakota to Winnipeg, and marched west from there. The establishment of this post really marked the beginning of civilization in the country west of Winnipeg.

INCOME TAXES WILL BE REDUCED

Ottawa, April 16.—When the budget resolutions are considered in committee of ways and means, Hon. J. A. Robb, acting minister of finance, intends to move an amendment to the income tax act to provide that the normal tax exemption for each dependent child be increased from \$500 to \$550. The increased exemption will apply to 1923 income and subsequent periods.

Mr. Robb's resolutions will also provide:

1.—For exempting tangible profits or income of non-resident persons selling goods in Canada through employees or agents or receiving rentals or royalties from sources within Canada.

2.—Authority to determine profits realized by:

(a)—Corporations in Canada purchasing from associated corporations in excess of fair prices.

(b)—Canadian corporations selling to parent or subsidiary companies at less than fair prices.

(c)—Non-resident persons producing goods in Canada and exporting them without sale prior to export.

3.—(a) That income derived from a business conducted by a husband and wife be taxed as income of one of them only.

(b)—For authority to disallow as an expense income credited or aid to husband as an employee of his wife or vice versa.

4.—(a) For the disallowance of the annual value of property used in the business except rental actually paid therefor.

(b)—The net profits be taxed without reductions of allowance therefrom for sinking funds or other similar reserves.

5.—For certain modifications of the present law pertaining to the income tax lien and to render certain that the lien shall not take priority over securities validly taken prior to the time at which the lien attaches.

THE RADIO INSTINCT

Jones was discovered by his better half in the early hours on his knees fiddling with the front door knob. "Shur," he said "I'm-hir-jus tryin' to get Seattle."

Constable Cotterell, of the A. P. P., is being transferred from Bellevue to Medicine Hat.

"Are you the plumber?"

"Yes, ma'am. I'm the plumber."
"Well, I just want to caution you to exercise care when doing your work. All my floors are highly polished and in perfect condition."
"Oh, don't worry about me slipping lady, I've got nails in my shoes."

WREATHS AND SPRAYS artistically arranged and at prices that are moderate. Phone 222, Scott's. We guarantee satisfaction. —July 26-1.

HEIRS WANTED

COWLEY HAPPENINGS

Hugh Healey, of Blairmore, was a visitor to Cowley recently.

Miss Jerry Frey, teacher of Tanner school, is taking an enforced vacation, on account of sickness.

Farm work, which was begun here several days ago, is not yet general, on account of unfavorable weather.

Mr. George Murray, grand master of the A. F. & A. M., paid a visit to the local lodge on Monday evening, the 14th.

Miss Peggy McEwen left for Vancouver on Sunday night's train via Calgary. She will be greatly missed, since she was born and raised in this community and had made a wide circle of friends. We join with all good wishes for her in her new home.

A large crowd turned out to the farewell dance given by Mrs. James Leigh in the Masonic hall on Thursday night in honor of Miss Peggy McEwen, who is leaving for Vancouver. Excellent music was furnished by the local amateur orchestra. An unusually good time is reported.

SUPPOSE HE'D PAID UP

One day, not long since, a Baptist preacher of our State was out hunting, says the Western Baptist. During the day a rainstorm came on. In order to keep dry he crawled into a hollow log. When the rain began to fall the log began to swell, until he could get neither way. He thought his end had come. He thought of all the wrongs he had done, and when he realized that he had not sent a subscription to this paper this year he felt so small that he crawled right out of the log without difficulty. Does this story fit you?

GENEROUS GIVERS

Outside of the fellow who gives his discarded polo stick to the Sailor's Mission for true philanthropy it's hard to beat the man who gives his old golf sticks to the Salvation Army.

For Sale

\$2,000 WILL BUY
THE "ALPINE VIEW RANCH"

At Burnis. Beautifully situated, well watered, ten acres of timber land, seventy acres under plow. Property known as N.E. quarter of Section 24, township 7, range 3, west of the Fifth Meridian, in the Province of Alberta, containing 160 acres, more or less. PARTNERS IN PERIL

Fare—Say, driver, not so fast—this is my first trip in a taxi.
Driver—Mine, too.

DIDN'T HAVE A CHANCE

Bystander—Did you get the number of the car that knocked you down, madam.

Victim—No, but the hussy that was driving it wore a three-piece tweed suit lined with canton crepe and she had on a periwinkle hat, trimmed with artificial cherries.

THE TRUTH

An Englishman told this one:

"Henry," asked the teacher of a rosy-faced lad, "can you tell me who George Washington was?"

"Yes, sir," was the quick reply. "He was an American general and president."

"Quite right and can you tell me what George Washington was remarkable for?"

"Yes, sir. He was remarkable because he was an American and told the truth."

PRODUCTION OF NATURAL GAS

The total production of natural gas in the province of Alberta during the year 1923, according to returns made by the Dominion Bureau of Statistics, was 6,135,260,000 cubic feet in comparison with 5,868,439,000 cubic feet in 1922. The province in this regard is second only to Ontario, which produced in 1923 a total of 7,900,000,000 cubic feet.

The total production of crude petroleum in Alberta in 1923 was 6,559 barrels, compared with 4,525 barrels in 1922.

Natural gas is now in use in four cities of Alberta.

Nova Scotia is running coke into Upper Canada markets.

A Mr. Kerr was in town during the week, looking up a location for a clothing and furnishing business.

Elsewhere in this issue will be found the advertisement of Messrs. Fumigali Brothers, of the Hillcrest Service Garage, who have the district agency for the Oldsmobile automobiles. We understand that they have sold no less than three of the new sport type thus far this spring.

We received a letter the early part of the week from our esteemed friend and former citizen, Mr. S. J. Sargent, who is now residing at New Malden, Surrey, England. "Sid" wishes to be remembered to all friends in Blairmore and The Pass and states that they are "both very happy and comfortable in their married life."

LUNDBRECK HAPPENINGS

Mrs. A. M. Densmore left Friday for a several days visit to Calgary.

Don't forget the big dance in the Lundbreck hall on Easter Monday night.

Mr. William McCulloch, eldest son of Mr. and Mrs. Alex. McCulloch, left Thursday for Winnipeg.

Everybody is invited to attend the grand bazaar to be held in the hall on Easter Monday, commencing at 3 p.m.

Mr. and Mrs. William Almond, of Corbin, have shipped their furniture here and arrived themselves on Thursday evening, with intention of again residing in Lundbreck.

Quite a number of people enjoyed a game of golf on the links Sunday. The grounds committee have made good progress in getting the course into shape.

Mr. and Mrs. Jack Gerrard have shipped in furnishings, with the intention of having their restaurant, fruit, candy and tobacco store in readiness for opening on May 1st.

Two brothers, Tom and Robert Williams, are of the latest arrivals from Liverpool, England, having come out under instructions of Mr. Cornes to work on the Ross ranch.

The prizes at the masquerade dance on the 11th were awarded as follows: ladies first, Mrs. Almond (wedding cake); second, Miss Jennie Roberts (Topsy); gents' first, "Sandy" McCulloch (Two-Faced gentleman); gents' second, Mr. McMillan (hobo). There was a good display of costumes and a nice crowd attended the dance.

It is not often that Lundbreck takes the pleasure of giving a bazaar, but in order to raise money towards the hall fund, everything is being done to make the bazaar on Easter Monday a success, financially, and a pleasure to all that come. Dainty clothes at the ladies' and children's wear booths, most delicious home-made candies, cool and refreshing ice creams; home-made pies, cakes, jellies; home-made fruits, pickles, lot of other things good to eat. Lovely house plants, fresh from the greenhouses. Everything will be sold at very moderate prices, so that all can buy. Parcel postoffice for children and fortune-telling booths will be special features. Afternoon tea will be served from 3.30, during which musical selections will be given by the children. Fun and novelty attractions for all.

An actress fell dead while singing a jazz song to the accompaniment of a saxophone. The darned thing must have back-fired.

Lady Strathcona has made a gift of \$120,000 to McGill University for the permanent endowment of a Department of Zoology.

The woodwork in the new parliament house at Ottawa is warping and shrinking and repairs are constantly needed.

Claims of the British Empire Steel Corporation against the German government for vessels destroyed during the war amount to \$17,000,000.

A local party failed to show up at a party the other night, giving as a reason that she understood they had mah jong in the house and were under strict quarantine.

A German year book gives the number of killed in the great war in that nation as no less than two million, and about sixty per cent of the dead were unmarried.

A Nova Scotia newspaper remarks that in New Brunswick the liquor vendors appointed under the liquor act are making a half a million a year; that the provincial liquor commissioners is making more than \$400,000 a year on liquor handled by them and disposed of to the vendors; that doctors are making as much as thru the issue of prescriptions; that the existing law is not being enforced; and that enforcement of it is impossible.

OLDSMOBILE

A Delightful Easter Breakfast

Easter morning! Herald of Spring; time; sounding the call of Nature's reawakening to life and vigor. No wonder Easter is a glorious festive season, impatiently awaited: no wonder mankind seeks adequate expression—in new apparel—new colors—

—and—in thousands of homes by a special breakfast of Premium Bacon or Ham. But be sure it is "Premium", for, as Easter is an outstanding day, it is but appropriate that you should mark it by that which is outstanding in quality and goodness.

Swift's Premium Hams and Bacon

Be careful to get Swift's "Premium" when you buy Bacon or Ham — make sure of it this coming Easter Morning. Order from your Butcher or Grocer.

A REDUCTION IN TAXATION OF \$24,000,000

Ottawa.—In making his budget announcement, Mr. A. Robb, acting minister of finance, stated that a total reduction of \$24,000,000 in taxation was contemplated for the current year by certain tariff changes and sales tax amendments. He intimated that in the current year the public debt had been decreased by over \$20,000,000, including \$6,000,000 received from the Imperial Government in settlement of book debts. He noted a continued growth in Canada's foreign trade and was confident that the reduction in taxation would give such an impetus to trade that it would result in greater development and prosperity in all the provinces of Canada. He announced there would be no reduction in income tax.

A summary of the government's taxation proposals for the fiscal year 1924-25 follows:

Sales tax reduced from 6 to 5 per cent, generally.

Large list of agricultural and dairying implements, mining, quarrying, lumbering and logging machinery, provisions and bread stuffs added to goods exempted from the sales tax.

Sales tax further reduced 50 per cent. on boots and shoes, bread, canned vegetables, canned fruit, jams and preserves, making it 2½ per cent. instead of 5 per cent.

Customs tariff reductions on agricultural and dairying implements, mining, quarrying, lumbering and logging machinery, varying from 5 per cent. reduction to free admission according to class.

All fertilizers on the free list.

A total estimated tax reduction of \$24,000,000.

Big Deal In North

H. B. Company Reported to Have Increased Holdings

Edmonton.—All the top posts of the Lamson Company in Alberta and the Northwest Territories and the entire northern river fleet of the Alberta and Arctic Transportation Company of Edmonton have been sold to the Hudson's Bay Company.

This deal, news of which was obtained from unofficial but authoritative sources here, involves many hundreds of thousands of dollars, and, according to local business men, is the most important news in relation to the north in many years.

With this purchase and consolidation, much competition is eliminated, and now the only other large company operating in the north is the Northern Trading Company, the other fur traders being smaller, their combined efforts not approximating one of the larger concerns. The Lamson Company operate 14 posts in the north, commencing at Chipewyan, and reaching to the mouth of the Mackenzie River.

To Save Life

Students Will Have Instruction in the Treatment of Tuberculosis

Ottawa.—Dr. D. A. Stewart, of the Manitoba sanatorium, Ninette, Manitoba, delegation to the tuberculosis conference, at the banquet given in their honor here, that arrangements were being made to give a course of instruction in the treatment of tuberculosis to the undergraduate medical students.

This would result in a wider knowledge among medical practitioners of tuberculosis. The banquet was given by the Lausanne Society and was attended by over 200 medical men attending the conference.

Winipeg Assessment

Winipeg.—Notwithstanding a cut of approximately \$15,000,000 in Winnipeg's assessment for 1924, a reduced tax rate of one mill will be struck by the city finance committee. This year's rate will be 28½ mills.

Appetite Keen and Bowels Relieved

You can relish your meals without fear of upsetting your liver or stomach if you will put your faith in **CARTER'S LIVER PILLS**. Liver Pills—Fool accumulations that poison the blood are expelled from the bowels and headache, dizziness and sailor skin are relieved. Small Pill—Small Dose—Small Fee.

Merchant Prince Passes

J. H. Ashdown, who died at his home in Winnipeg recently. He was one of Western Canada's premier business men, and was a leading philanthropist and public-spirited citizen.

Stolen Car Trade

Said to Be a Serious Menace to Legitimate Business

Ottawa.—"We find that there is, apparently, an organized body who are trafficking in stolen automobiles, and that the situation has become so acute that it is seriously interfering with our business, and thereby jeopardizing our capital." This statement is contained in a memorial which was presented to Hon. Jacques Bureau, minister of customs, by a large delegation representing Canadian automobile manufacturers and dealers which interviewed him here.

The delegation stated that stolen automobiles of various makes were being brought into Canada from the United States and were being disposed of at prices which the merchants could not hope to compete with.

The minister agreed to appoint a committee to meet a committee representing the manufacturers, dealers and automobile insurance underwriters to devise ways and means of handling the situation.

Dredging At Port Nelson

Asserted That Water Is Too Shallow For Heavy Draft Vessels

Ottawa.—The fact that ships used in provisioning the post at Port Nelson, in the Hudson Bay, are obliged to anchor seven and one-half miles out and tranship their cargo to low draft vessels, was brought out by a question in the House of Commons. Within that limit, ships to 21 feet draft or over cannot navigate.

The auction dredge Port Nelson and pontoons sent to Port Nelson during the war cost \$371,881. It operated in 1915, 1916 and 1917.

Leaving For Mexico

Regina.—With families of Minnott of the Old Colony, south of Swift Current, will leave by special train from Wynmark station for Mexico. The emigrants are taking with them their household effects, stock and farm implements to their new homes. They have arranged to have their lands in the Old Colony worked by Minnotts who are staying there this year. Their lands are in litigation before the courts, tangled in the action brought by the Minnotts to wind the deal with buyers about eighteen months ago.

No Exemption to Dumping Duty

Ottawa.—The customs regulation providing that the dumping duty shall not apply when the difference between the fair market value of goods and their selling price to importers in Canada does not exceed five per cent. of their fair market value, has been repealed. Consequently after April 15 the dumping duty shall apply without exemption, except in cases of goods purchased before April 15, if they are entered for consumption or before June 12.

Conscience Money

Ottawa.—The department of finance acknowledges receipt of two dollars conscience money, received in an envelope postmarked "Victoria, April 1, 1924," and containing a letter stating the money is in payment of government stationery used for private matters.

Make Road Rules Uniform

Charlottetown, P.E.I.—A bill is now before the provincial legislature to change the rule of the road from turning to the left, to turning to the right, to conform with similar rules now in effect in all the other provinces of the Dominion.

German Gold Bank

Berlin.—The new gold discount bank has been established. It will begin operations at an early date.

Four More Branch Lines To Be Dealt With

Ottawa.—With the exception of four, all the branch line resolutions have now been passed. Bills based thereon have received second reading and been referred to the railway committee. The four resolutions not yet taken up provide for the following branch lines: From Rosedale to Bull Pond Creek, in Alberta, a distance of 39 miles, at an estimated cost of \$915,000; a line from Victoria Beach to Pine Falls, in Manitoba, a distance of 44 miles, at a cost of \$1,160,000; a line from Lockport station to the town of Lockport, in Nova Scotia, a distance of four miles, at an estimated cost of \$161,000; an extension of the Chatham Bay branch of the Canadian Northern Quebec Railway to the town of St. Remi D'Amherst, in the province of Quebec, a distance of two miles, at a cost of \$195,000.

The Dawes' Report

Reparations Committee Will Take Plenty of Time to Digest the Finding

Paris.—Plenty of time will be taken by the Reparations Commission to review and digest the reports of the experts' committee headed by Brigadier General Dawes and Reginald McKenna. The commission is not likely to act before the end of this week in view of the necessity of the members consulting their respective governments, according to allied circles.

The Dawes' report is unanimous; yet it does not represent anybody's particular views. It was one succinct comment proffered in non-French circles. "Nevertheless, everybody wants as much of it as possible accepted as a basis of settlement. The question is who will begin."

It can be settled now that most of the original differences between the French and British remain. The British still believe that the question of Germany's obligations to the allies must be definitely fixed, in order to establish her credit, before a settlement is possible, and they are, therefore, inclined to be skeptical of General Dawes' "index of prosperity" idea, which they consider apt to lead to confusing results.

Death of Hugo Stinnes

Was Leading Figure in Industrial Life of Germany

Berlin.—Hugo Stinnes, leading figure in German industrial life, died here of pneumonia.

Hugo Stinnes was spoken of in Continental Europe as the German who owned everything in sight, and from the public pleasure he found in confiding the size of his fortune to all who would listen, the details of his vast industrial enterprises, and the extent of his mining, shipping and newspaper holdings, were never left very much in doubt.

Period For Re-Naturalization

As Law Stands the Time Cannot be Less Than Five Years

Ottawa.—The re-naturalization of former British subjects, now citizens of the United States, is covered by law that is uniform throughout the British Empire, and amendments to it would need to be dealt with by an imperial conference, declared Hon. A. B. Cope, secretary of state, in answer to a question in the House, as to whether legislation would be introduced this session to shorten the time for naturalization of repatriates to less than five years.

Grain Again Moving East

Embargoes On Eastern Bound Grain Have Been Cancelled

Winipeg.—Cancellation of all embargoes on eastbound grain is announced by Canadian National officials here.

Shipments of grain to the head of the lakes will now be accepted subject to delay in transit until space is created after the opening of navigation, also to the government elevator at Saskatoon. This automatically cancels all similar prohibitions, as there must hereafter be loaded in accordance with the car order book.

First Lake Sailing

Montreal.—Weather permitting, the first Great Lakes steamer for this season will leave Port McNicoll for Port William, Friday, April 25, followed by at least five sailings each week thereafter, according to an announcement made at Canadian Pacific Railway headquarters.

An Arctic Dog's Endurance

In pulling sleds in the Arctic regions the Eskimo dog will travel 20 to 40 miles a day.

Round the World Flight

Stuart MacLaren, one of England's best pilots, hopped off from Southampton recently in a lone attempt to fly around the world. Lieutenant MacLaren flew the first British machine in Egypt.

PRESS FOR THE COMPLETION OF H. B. RAILWAY

Ottawa.—Warning that there was danger of a breach between the east and west unless conditions in Western Canada were improved, was given to the government by General R. W. Paterson, of Winnipeg, a member of a large delegation which came to urge the immediate completion of the Hudson's Bay Railway.

General Paterson stated that he had recently been told by a westerner, who was "English to the backbone," that if the west did the best thing for itself it would join up with the United States of America. Governors of western states had declared that they were in favor of constructing the railway. He said that a number of Winnipeg business men favored construction of the road but were restrained from an expression of opinion because of the threatening attitude of big business in the east.

After listening to speeches in favor of the Hudson's Bay railway, Premier King expressed the hope that the representations made would find their way, through the press, to the people of Eastern Canada. Representations had been appearing in certain sections of the press against the completion of the work. The great national tragedy of today was that east and west seemed unable to discuss together their own peculiar problems. The biggest thing before Canada was the creation of a Canadian national sentiment. He hoped the day would come when those who were earnest in their desire for the development of this country would be able to talk together and discuss their problems at first hand.

So far as the Hudson's Bay was concerned the government could only thank the delegation and promise to give serious consideration to the representations made. The delegation represented the three prairie provinces and had among its members Robert Burke, Progressive leader, and a number of Progressive members of parliament. It was introduced by Hon. A. B. Hudson.

Commence Spring Work

Winipeg.—Winter seedling has commenced at Blackie, Sask., and the district around Carleton Place, Alberta, to reports received here. Seeding is not expected to become general for another week, however. Preparatory spring work on the land has been started in many points in the west, plowing and discing being well under way in Alberta and Saskatchewan.

For Natural Resources

Edmonton.—Negotiations with the Dominion Government will be continued by the Alberta Government with a view to obtaining control of the natural resources of the province. This was the decision of the Legislature following the introduction of a resolution by Premier Greenfield.

Will Not Fight

Moscow.—Russia will not fight Roumania over the question of Bessarabia, M. Zingovitz, president of the executive committee of the Communist internationalists, declared here.

The Canadian Farmer And the World Markets

Ottawa.—Agriculture is having just a little harder sledding, I think, said Hon. W. R. Motherwell, minister of agriculture, at a meeting of the common committee on agriculture and colonization, "all over the world than it has had in any previous period in my time, and if we don't keep it going, God help the rest." Mr. Motherwell was discussing the needs of educating the Canadian farmer to enable him to hold his own in the world markets. He mentioned particularly the dairy competition of New Zealand. The committee decided with a view to an educational campaign, to hear officials of the department of agriculture on beef and bacon export, dairying, wheat rust, tuberculosis in cattle, and a number of other problems.

Western Branch Lines

Total Estimated Cost Is Placed at \$4,989,000

Ottawa.—Seven branch line resolutions recently passed the House of Commons and bills thereon received their first reading. All the seven lines are in the western provinces. Their total estimated cost is \$4,989,000. Twelve more branch line resolutions still remain to be considered. The lines passed upon were as follows:

Line 24 on Melior northwesterly line of C.N.R. to Mile 41 near Nipawin, Sask.

From Peewee on C.N. Saskatchewan Railway southerly to a point near township 10, range 3, west of 2nd meridian.

Greenville extension Mile 109 to Mile 120 at Nipawin, Sask.

Lloydminster, Sask., to a point in township 53 or 54, range 6, 45 miles.

From Mile 15 on St. Rose du Lac extension to Mile 37 at Rorkeston, 25 miles.

Hanna to Warden, 57 miles.

Lorenova 50 miles westerly, to range 9 west fourth meridian.

Canada And The Quota Programme

Proposed U.S. Immigration Bill Discriminates Against Dominion

Ottawa.—The government will make a statement in the house shortly concerning reports that the United States Senate is proposing to discriminate between native born Canadians and naturalized citizens from other countries in the matter of immigration into the United States. Hon. J. A. Robb, minister of immigration, stated in the house.

Washington.—It is considered improbable that the amendment to the immigration bill designed to apply the (one per cent. quota law to immigrants from Canada, will be adopted in the Senate. Prominent Republican senators of the immigration committee have declared their opposition to it. Senator Cole, chairman of the committee, opposes it.

Wants Information

Ottawa.—Hon. R. J. Manion, Conservative, Port William, intends to ask in the house for a copy of all correspondence in relation to the Dominion Government and the Government of Saskatchewan on the question of licenses for export liquor houses.

Would Reduce Tariff On Autos

Ottawa.—G. G. Coote, Progressive, Macleod, has given notice of his intention to move in the house for a substantial reduction in the customs tariff on automobiles and motor trucks.

DOMINIONS HAVE A CHAMPION IN LLOYD GEORGE

London.—The question of making public the correspondence between the British Government and the governments of the Dominions treaty was brought up in the House of Commons by Sir E. Grigg (Liberal, Oldham), who pointed out that the Canadian Government had expressed a hope that all the correspondence would be tabulated.

J. H. Thomas, colonial secretary, replying, said the Imperial Government was unable to publish the correspondence in question, in view of objections by some of the Dominions to such publication, and because it would be necessary to publish the whole series of correspondence on the matter in order that a proper appreciation of the position could be obtained.

When the debate on the Lausanne treaty was resumed, Mr. Lloyd George referred to what he termed a serious discrepancy between statements made by Premier Macdonald, in the British House, and Premier Mackenzie King, in the Canadian House, in connection with the Lausanne treaty. It was quite clear, Mr. Lloyd George declared, that Canada had declined to accept, not so much the obligations under the treaty, as the obligations regarding the Straits Settlement convention.

Premier King had stated that no invitation had gone to the Dominions for a conference on the Lausanne treaty, Lloyd George continued. This was a very grave departure from the position created and rendered invariable by the Great War. Up to then, he said, the Dominions had never been consulted on Britain's foreign policy. In fact they had fought for obligations upon which they had never been consulted.

Lloyd George instanced several occasions subsequent to the war when the Dominion ministers participated in conferences with the ministers of the Imperial Government on foreign policy.

"These ministers have acted in no ornamental sense," said Lloyd George. It was a grave misfortune that the Dominions were not included in the final discussion of the Turkish treaty."

In nearly all Chinese cities a large percentage of the inhabitants live in a sort of hand-to-mouth fashion, buying food from restaurants. Hot water is sold from stands.

The following bulletins and many others, of which these are examples, are available to farmers, and will be sent free of request by the Dominion Department of Agriculture. The information they contain is both useful and practical, and may point the way to greater profits from your operations.

If interested, clip out this advertisement, check bulletins desired, and mail, without postage, in envelope addressed to:

Publications Branch, Department of Agriculture, Ottawa, Canada.

BOARD OF TRADE REORGANIZES

A well-attended meeting of citizens was held at the office of the Crow's Nest Pass Motors on Tuesday evening, when the re-organization of the Blairmore Board of Trade was effected.

The officers for the year 1924 are as follows:
Honorary Presidents—Mr. J. Charbonnier and Mayor McLeod.
President—Mr. L. L. Morgan.
Vice-President—Capt. W. A. Beebe (re-elected).

Secretary—Mr. W. Bird (re-elected).
Treasurer—Mr. W. A. Henderson (re-elected).

Executive—Messrs. S. Knappman, D. McKay, G. A. Vissac, H. Burns, L. Dutil, W. W. Scott, W. J. Bartlett, A. E. Ferguson, R. Gray and J. E. Gillis. The President and Treasurer were by resolution empowered to sign cheques and transact business with the bank.

Beebe-Burns—That we become member of the Southern Alberta and Southeastern British Columbia Tourist Association for 1924 at a fee of \$200, being fifty dollars less than last year. Carried.

A membership drive will be undertaken in a few days. The membership fee will be \$1.00 and a ticket will be issued that will entitle the holder to privileges at any meetings of any other board of trade he should have the opportunity to attend. An assessment will also be made upon businesses as was done last year.

Last year it was necessary to raise \$600, most of which was made necessary on account of damage done by floods. This year it is figured that four hundred dollars will cover the year's work.

A vote of thanks was tendered Mr. Harry Burns for lumber supplied last year for the building of the kitchen, outhouse and steps, and to Mr. Knappman, who connected up water and installed sink in the kitchen.

It is planned to build a second kitchen this spring and to erect large signs directing tourists to the campsite and welcoming them to this metropolis.

The local board looks forward to a tourist traffic this year unprecedented in the history of The Pass, and will spare no effort towards supplying accommodation and comforts for tourists here. It has even been suggested that a telephone be installed in one of the camp kitchens for local use.

G. W. V. A. MEETING

At last Sunday's meeting of the local G. W. V. A., a communication was received to the effect that any veterans who are suffering from some disability obtained while on service, and not drawing pension, have until the end of next August to make application for pension. This may be of interest to some veterans who believe they are entitled to a pension on account of war disability.

A resolutions committee was appointed to handle resolutions which may come before the local. The committee is composed of Comrades McLachlan, McDonald and Huffman.

The meeting was also very enthusiastic over the Dollar Dance to be held on Easter Monday.

Several other minor matters were dealt with.

The tennis courts at the rear of the Union church are being renovated and levelled off and the church young peoples' organizations are preparing for a good season.

HOUSE FOR SALE—Frame building on 6th St. Coleman. 10 rooms furnished throughout. Money-making proposition for one keeping roomers and boarders. Lot 100 x 100 ft. Apply to Mrs. F. Oswald, Coleman.

LUNDBRECK COAL—A car of Patton Lundbreck Coal will arrive next week, which is promised to be first-class stuff that will sell at \$7.50 per ton delivered, if taken off the car. Anyone needing coal will please place their order at once, so that it can be delivered from car. Price delivered from storage \$8.00. Phone 236, W. M. BUSH, Vulcanizing and Battery Shop, Victoria Street East, Blairmore.

The famous battleship Australia was sunk by special ceremony in Australian waters on Sunday last.

The Ladies' Aid of the Union church are today holding their annual sale of work and tea on the main floor of the I. O. O. F. building, which is being well patronized.

Places of business in town will be closed on Good Friday and Easter Monday, but are staying open till nine o'clock tonight.
